

211 IN TIMES OF EMERGENCY

Municipalities and communities have the safety and well-being of their residents as a primary consideration every day and during emergencies. So does 211.

Public Inquiry Line

211 is a public inquiry line for information such as the location of emergency shelters, basic supplies and how to donate goods.

Comprehensive Database

211 provides a searchable database of community and emergency services. Updated throughout the response, and recovery.

Demographics & Needs

Callers' demographic and needs data are shared to support community recovery efforts.
